PROFESSIONAL SUMMARY

Front-End Engineer with 2+ years of professional experience building scalable, responsive web applications with Vue.js, TypeScript and React. Builds reusable component-driven interfaces, integrates REST APIs and ships production features with backend and QA teams. Leadership background as IEEE Computer Society chapter chairman and competitor in international programming contests (ACPC21, JCPC21, JCPC22, IEEEXtreme 15.0).

TECHNICAL SKILLS

Front-End: Vue.js (3), React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Responsive Design, Component Architecture, Tailwind CSS, Bootstrap

State & Data: Pinia, REST APIs, Axios, Swagger / OpenAPI, Asynchronous Data Flow

Backend & Languages: PHP, MySQL, SQL (SQLite), C++

Tools & Environment: Git, GitHub, Vite, Node.js, Tauri, Swagger UI, Apache, Microsoft Office

Professional: Problem Solving, Code Refactoring, Cross-Team Collaboration, Time Management, Technical Documentation, Presentation

PROFESSIONAL EXPERIENCE

Front-End Engineer, Cubes Solutions Inc

Sep 2024 – Present · Jordan

- Develop and maintain scalable web applications with Vue.js and TypeScript, delivering production features end to end.
- Build reusable UI components following design patterns and best practices, keeping interfaces consistent across features and reducing duplicated code.
- Translate complex business requirements into responsive, user-friendly interfaces across desktop and mobile breakpoints.
- Integrate REST APIs with Axios and handle asynchronous loading, validation and error states for data-driven features.
- Collaborate with backend engineers and QA to deliver features, review code and resolve production issues.
- Recognised as “Technical Team Super Star” (2025) for technical excellence, leadership and contributions to the team's success.

EDUCATION

Bachelor of Computer Science, Mutah University, Jordan

2019 – 2023 · GPA 82.61 / 100 (Very Good)

Coursework: Data Structures & Algorithms, Software Engineering, Web Development, Database Systems.

LEADERSHIP & ACHIEVEMENTS

- **Technical Team Super Star — Cubes Solutions Inc.** (2025) Named the most outstanding technical team member for technical excellence, leadership and significant contributions to the team's success.
- **Chairman, IEEE Computer Society — Mutah University Student Branch** (2021 – 2022) Led the chapter, organising technical workshops, hackathons and coding competitions; grew membership by 40% and established partnerships with tech companies.
- **Core Team Member, Google Developer Student Clubs — Google Developer Student Club** (2021 – 2022) Organised developer events, study jams and solution challenges, and mentored junior developers in web development and best practices.
- **ACPC21 — Arab Collegiate Programming Championship — Luxor, Egypt** (2021) Represented Jordan in the Arab collegiate programming championship, competing against top programmers from across the Arab world.
- **JCPC21 & JCPC22 — Jordan Collegiate Programming Contest — Jordan** (2021 – 2022) Competed in two consecutive editions of Jordan's premier collegiate programming contest, solving complex algorithmic problems under time pressure.
- **IEEEXtreme 15.0 — IEEE Global Programming Competition — Global** (2021) Competed in a 24-hour global programming challenge, solving algorithmic problems against teams from around the world.
